

Prof. George Lampeas: Ph.D. Diploma (1995) in Stress, stability and vibration analysis of composite plates by semi-analytical method from Mechanical & Aeronautics Engineering Department, University of Patras, Greece. Currently, he is Full Professor at the Department of Mechanical Engineering & Aeronautics, University of Patras, Greece. He has been involved in more than 50 European and national aeronautic research projects since 1989. He has 30 years of experience in the technology of advanced materials and structures, as well as in advanced computational modelling for aerospace structures analysis. He is co-author of 3 international books and of more than 80 scientific publications in international journals and conference proceedings.
